Pneumatic Coil Roofing Nailer

Lightweight magnesium housing. Zero-nail lockout feature eliminates dry firing and indicates when to reload the magazine. Patented single-action side load canister. (2251452)

\$229

Roof Nailer/Cap Stapler Kit

Uses wider 5/16" crown staples. Adjustable depth guide sets staples to desired depths quickly and conveniently. Magazine capacity: 163 staples and 100 caps. (9240243)

\$369

16" Insulation Support Wire

Secures batt-type insulation in place between joists. (INSSUP16)

\$9.99

*Per 100

24" (INSSUP24) \$12.99

*Per 100

22" x 48" Foam Durovent

The polystyrene material provides a lightweight water resistant air channel and is ideal for high-volume new construction or lower cost re-insulation. (BAFFLE22)

99¢

7.5" x 50' Sill Sealer

Designed to reduce air leakage between the foundation wall and the sill plate. It can additionally be used to seal around window and door frames. (CF70550)

\$550

Owens Corning™ Roofing has a shingle style and color for every home!

INNOVATIONS FOR LIVING

BEFORE

Largest Select of Colors in the Region!

AttiCat® Expanding Blown-In Insulation

Adding insulation to your attic is a blast with the AttiCat® Insulation Blowing Machine! It conditions the AttiCat® Expanding Blown-In PINK Fiberglas™ Insulation by breaking it up and fluffing it, adding millions of the tiny air pockets that give the material its insulating power. The insulation is conditioned further throughout the length of the hose, and as it bounces its way up to your attic, more and more air pockets are added, increasing its insulating power even more. And since Fiberglas™ insulation will not settle, it will keep its energy-saving R-value over time.
