

High-quality windows add style to any architectural design and provide energy efficiency and maintenance-free beauty to a home.

We offer a broad choice of *Andersen, Kolbe & Windsor* wood or vinyl windows in many different colors and styles, including casement, awning, double-hung and slider. High-tech extruded aluminum cladding provides popular wood windows with lower maintenance requirements and greater durability without sacrificing aesthetic details.

Velux roof windows and skylights can add daylight to your home environment. They are specially engineered to protect against the elements without obstructing your roofline profile.

Hy-Lite
PRODUCTS, INC.

Since 1988 Hy-Lite Products has been manufacturing top-quality acrylic block windows and partitions for residential and commercial applications. Over the years, the company has expanded its product offering to include acrylic block radius walls, door inserts and operable windows. Hy-Lite also offers Decorative Glass Windows and glass block fixed windows.

Windsor's product offering includes:

Pinnacle Series: High-quality primed and clad wood windows and doors

Next Dimension Series: Premium vinyl windows and doors

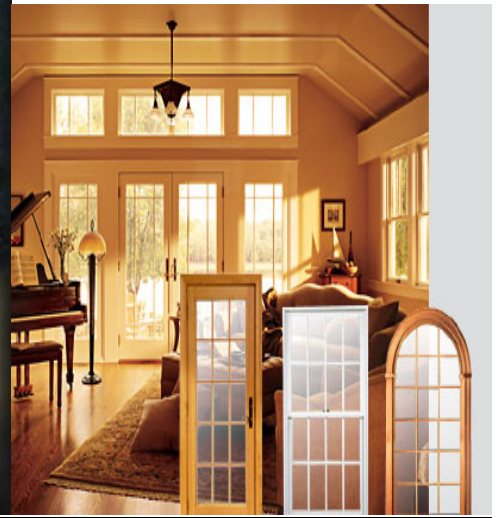

Legend Series: Industry's first cellular PVC windows offer the look and feel of wood without the potential for rotting, warping and cracking.

ScapeWEL Window Wells

ScapeWEL Window Wells add light, ventilation, and code-compliant emergency egress to basement areas, making them as warm, comfortable, and safe as any room in the home.
