\*\*Adding Lasalocid from Bovatec (BT) aids in the prevention of coccidiosis, a common problem in growing lambs. To help prevent coccidiosis, feed **Lamb BT Pels Medicated**.

Blue Seal® sheep products provide the correct balance of nutrients for life stages: breeding, lactation, creep feeding lambs, and finishing for market. **Blue Seal® sheep feeds and minerals contain no added copper.**

The suggested feeding programs are intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements. Provide clean and fresh water at all times.
