

SAWYER GARDEN CENTER

Everything for your best summer ever at Sawyer Garden Center

Summer is lush and wonderful at Sawyer Garden Center, where it's one stop for all the fun accents and flavors for the season.

Every day during the local growing season, owner Barry Patejdl goes in search of the fresh-from-the-farm fruits and produce from southwestern Michigan's local growers. "The selection is awesome," says Sawyer Garden Center's Meagen McReynolds. "We really work hard to have all the local produce that's available."

Aisle after aisle is a treat of crisp produce, plump tomatoes—all the nutritious and mouth-watering abundance of Michigan's vigorous agriculture.

Browse the bakery section for decadent and delicious gourmet items, like the Elegant Farmer pies, baked in a brown paper bag and packaged fresh into boxes ready for you to serve to delighted family and guests. "The pies are phenomenal," says McReynolds, adding they can be frozen upon request, for you to pop into the oven at home. Popular Bit of Swiss breads in several varieties are delivered fresh daily.

Grilling gets more fun when you select gourmet spices and specialty jarred sauces to ramp up the flavor profiles of your favorite dishes. Then try to decide amongst the luscious cheeses and snacking foods for truly tasteful appetizers. Kitchen gadgets for every task and exciting colors make kitchen duty a pleasure, from handy small fruit hullers to cooking
