

SAWYER HOME & GARDEN CENTER

Sawyer Garden Center is packed with flavor for spring

All the colors and flavors of spring and summer are lush and irresistible at Sawyer Garden Center, where we have selected the freshest and best of everything for your home and garden, all in one amazing destination.

The produce aisles are filled with the region's harvests. Every day during the local growing season, owner Barry Patejdl searches fresh-from-the-farm fruits and produce from the local growers in Southwestern Michigan.

Our bakery section includes decadent and delicious gourmet items, like the phenomenal Elegant Farmer pies, baked in a brown paper bag and packaged ready for you to serve. You're always ready for company when you request a frozen pie to have on hand at home, then pop into the oven. Ever-popular Bit of Swiss breads in several varieties are delivered fresh daily.

Look for the Stonewall Kitchen line, with everything to help you cook like a chef—chutneys, meat, poultry, sausage, jams, candies, sauces, hors d'oeuvres—a fantastic selection of quality products. Our gourmet foods selection is outstanding, with artisanal cheeses like Reny Picot out of Benton Harbor. Imagine the fun of creating whole meals with products all from Michigan!

Food and fun are a natural combination, so each month at Sawyer Garden Center will have a theme. Sneak preview: May is Chips and Salsa; June is Seasonings—with Sawyer Garden's own line of great flavors—plus a Weber grill-out gathering June 20; and July

is all things Barbecue.

You'll want to be here from noon until 5 p.m. on Saturdays when Chef Joe Warburton—back by popular demand!—fires up his cooking demonstrations and samplings. No tedious "lessons" here: "Chef Joe" offers advice and tastings. He'll also suggest wine and beer pairings from the many area wineries and microbreweries. You'll be inspired!

Joe Warburton of Sawyer Home & Garden Center

Look for those pairings and more where wine, spirits, and beer are in a spacious room to themselves, with one whole wall dedicated to Michigan wines, another to spirits for every taste and budget, plus mixes. There are craft beers to intrigue the adventurous. Bonus: Wine tastings every weekend let you sample and select with confidence.

Our kitchen area has everything to make mealtimes easier and downright fun, with cookware, dinnerware, and every helpful gadget you can imagine, in a wildly inspiring range of colors in items you just don't see anywhere else in the region.
