Color of the Year for 2015 Lady in Grey.

Shaw FLOORS

Acquaint yourself with flooring's hottest color trend this year. The Lady in Grey is more than color, it's style and sophistication.

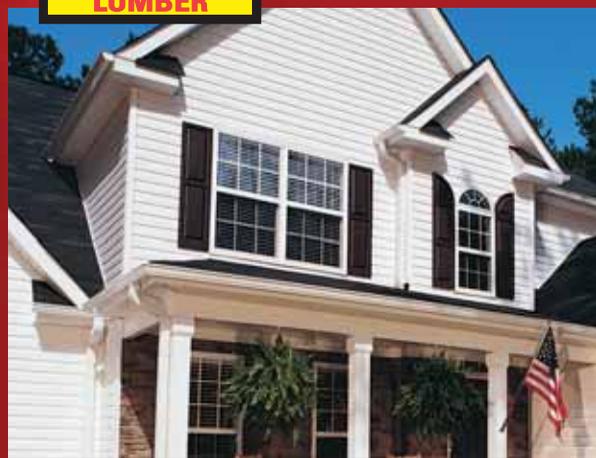

Lady In Grey Shaw Carpet

Pittsburgh Paints Color Of The Year 2015: Blue Paisley
We anticipate the 2015 Color of the Year to play a prominent role in the home décor trends for the coming year as homeowners look to positively influence their lives and decisions with vibrant colors. With its Bohemian flare and global ties, Blue Paisley can be paired with a charming, rich yellow-gold, or used as an accent wall, pulling in some mystery with black, gray and white.

WE STOCK

Weyerhaeuser Framing Lumber

Every board is machine-evaluated and numbered for guaranteed strength and straightness.

METAL PANELS & COMPONENTS

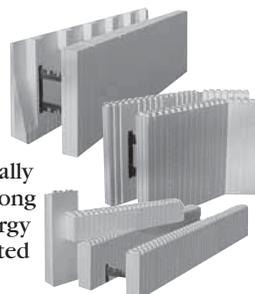

West Virginia Metal

Tough steel construction for residential, industrial and commercial structures. Attractive with clean traditional lines. 29 & 26 gauge. Not all metal roofs are created equally, be sure to double check the thickness and paint coating you are getting when you make your purchase. A significant price difference could mean a significant quality difference. We set the standard in quality and performance.

LOGIX IS THE SMARTER, FASTER & STRONGER TECHNOLOGY

LOGIX™ Insulated Concrete Forms

Based on the simple concept of interlocking blocks, LOGIX, along with concrete, gives you a structurally sound wall system that's not only long lasting, but also quick to build, energy efficient, sound-proofed and fire-rated for up to 4 hours.

Trus Joist® Parallam® PSL & Microllam® LVL Beams

Using advanced technology, Weyerhaeuser manufactures engineered lumber that is consistently straight and strong, and resists bowing, twisting, and shrinking. Structural solutions you can count on - guaranteed.

Trus Joist® TJI® Joists

Engineered to provide strength and consistency, these joists are a key part of making a high-performance floor. The dimensional stability of Trus Joist TJI joists help them resist the warping, twisting, and shrinking that can lead to squeaky floors. TJI joists are light weight and come in long lengths, which makes them faster and easier to install than traditional framing

Roofing and Insulation

PROUD SUPPLIER OF
OWENS CORNING™ PRODUCTS

THE PINK PANTER™ & © 1964-2015 MGM

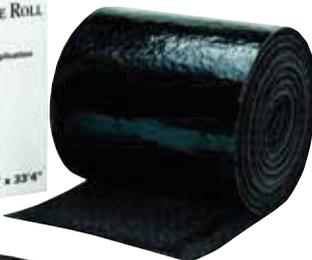

Tru Definition® Duration® Shingles

Provides greater contrast and dimension to any roof. Available in popular colors with bold, lively contrast and complementing shadow lines for added dimension. Features a Limited Lifetime Warranty, 130-MPH Wind Resistance Limited Warranty, and an Algae Resistance Limited Warranty. Comes with the advanced performance of patented SureNail® Technology. Colors available: Colonial Slate, Estate Gray, Onyx Black, Driftwood, Brownwood, Chateau Green, Desert Tan or Teak.

Starter Shingle Roll

Eliminates the need for cutting shingle tabs or inverting them to create a starter row, saving installation time.

Starter Strip Plus Shingle

Helps save time by eliminating the need to cut shingles to create a starter row. Packaged two pieces per shingle, perforated down the center for easy separation.

VentSure® Ridge Vent

20-ft. roll. A shingle-over, low-profile ridge vent with Weather PROtector moisture barrier membrane. No baffles required.

INSULATION!**

PROUD SUPPLIER OF
OWENS CORNING™ PRODUCTS

FOAMULAR® Rigid Foam Insulation

Situational All-purpose foam panel insulation for masonry and other applications. Ideal for wall furring, perimeter/foundation, cavity wall, crawlspace, pre-cast concrete, under slab, sheathing and other applications.

AttiCat® Expanding Blown-In Insulation

Adding insulation to your attic is a blast with the AttiCat® Insulation Blowing Machine! It conditions the AttiCat® Expanding Blown-In PINK Fiberglas™ Insulation by breaking it up and fluffing it, adding millions of the tiny air pockets that give the material its insulating power. The insulation is conditioned further throughout the length of the hose, and as it bounces its way up to your attic, more and more air pockets are added, increasing its insulating power even more. And since Fiberglas™ insulation will not settle, it will keep its energy-saving R-value over time.

ThermaTru ~ The Industry's Finest

Visit our BRAND NEW Interactive ThermaTru-Display

WITH A FRONT DOOR BY THERMA-TRU, NOT ONLY WILL YOU SEE AN INCREASE IN COMFORT, ENERGY EFFICIENCY AND PERFORMANCE, YOU WILL ALSO SEE AN INCREASE IN CURB APPEAL.

IN FACT, YOU CAN INCREASE THE PERCEIVED VALUE OF YOUR HOME JUST BY ADDING A THERMA-TRU ENTRY DOOR SYSTEM.

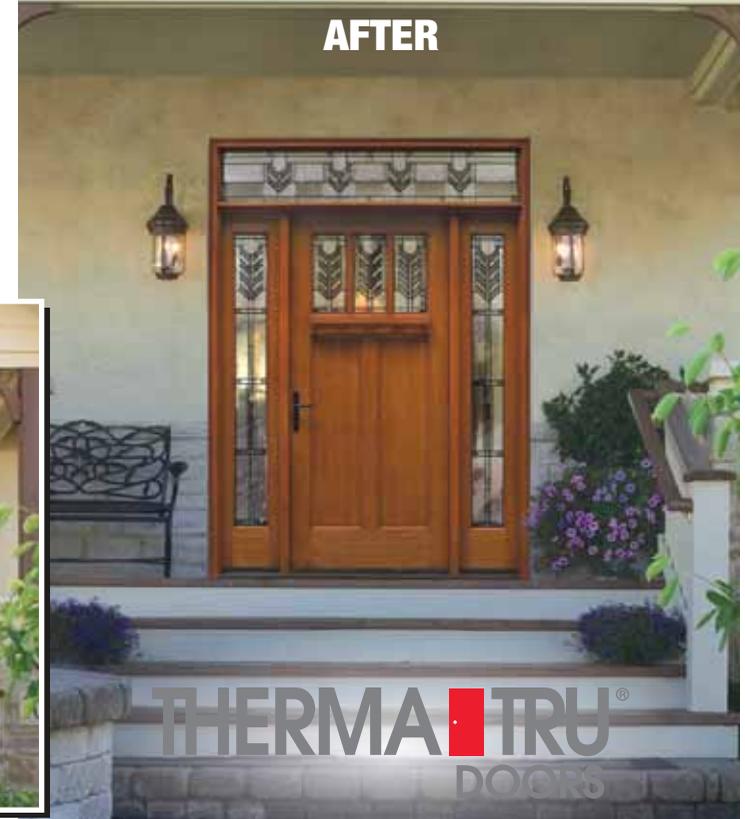

A Front Entry Door Adds Value to a Home

Consumers believe an attractive front entrance not only adds to a home's curb appeal, but can also boost its perceived market value, according to a national study commissioned by Therma-Tru.

The study, conducted by an independent research company, found that a home with an enhanced Therma-Tru entryway added to its perceived value by as much as five times the cost of the door itself.*

At a time when homeowners are looking to get the most out of every dollar they spend on their home, installing an attractive new front entryway is a cost-effective investment that can have a big impact.

*Therma-Tru's National Home Valuation Study was commissioned in 2002 by Therma-Tru and conducted by TNS, an independent provider of Internet-based research and research-based marketing information and counsel.
