INDEPENDENCE Ultimate Charcoal Grill

The secrets to cooking with charcoal lie in how well you regulate the flow of air; and how well you control heat and smoke as it surrounds your food.

The INDEPENDENCE starts with a large grill head cast in 1/4" thick aluminum, which heats quickly and evenly, and then helps you maintain a consistent cooking temperature.

The tall grill head, with its adjustable cooking grids, maximizes volume to give you freedom to tackle any size meal - from burgers and brats to a 20-lb. turkey with stuffing on the side.

All temperature control components are laser cut from restaurant grade 304 stainless steel (12-gauge) for long life and precise control.

Includes Precision Probe Heat Indicator, cart, heavy-duty castors and side shelf. (10620)
