The Heart of American Charm

Rediscover Outdoor Living

Table of Contents

The gazebo is an irreplaceable part of the American landscape.

Octagon

Pages 4 - 7

Octagons are the time-honored gazebo shape. This style gives you a classic look for comfortable living.

Oval

Pages 8 - 11

Ovals provide a traditional look with the added benefit of a more spacious interior. Oval gazebos accommodate more guests with additional seating room.

Rectangle

Pages 12 - 15

Rectangles maximize your living space – the perfect design for hot tubs and multi-purpose rooms.

Large

Pages 16 - 17

Large gazebos are available in any of the above shapes. The larger size accommodates big groups and is the smart choice for weddings and commercial settings such as parks and hotels.

Wood & Vinyl

Pages 18 - 21

Making Memories ... to Last a

From coast to coast, gazebos grace village greens, the backyards of country farmhouses, and the gardens of grand estates. They remind us of a simpler time – an era when we enjoyed the pleasures of life more and worried a lot less.

Explore our handcrafted gazebos and you'll feel the difference. Just one look and you'll be transported back in time. Close your eyes and hear the sounds of a brass band playing from gazebo steps on a sunny 4th of July.

Smell apple pie cooling on a nearby windowsill. Bring this All-American classic to your home today. Your family will thank you.

Keystone

Pages 22 - 25

The Keystone Gazebo offers a simple and more economic gazebo line. With only specific sizes and options. We offer this wonderful gazebo to you and your family to enjoy at an affordable price.

Beauty

24" Western Red Cedar Shingles

The optional red cedar shingles are made with high quality cedar, offering a traditional look.

Longevity

Stainless Steel Screws

Stainless steel screws help to maintain the long life of your gazebo and offer a finished appearance.

Solidity

2" x 6" Braces

These braces offer additional strength and control side motion.

Durability

Double 2" x 6" Floor Joists

...help prevent warping of joists and popping of floor boards. They also allow for a better straight down fastening of the floor board, giving your deck a stronger, longer-lasting life.

Stability

Extra Strong 2" x 6" Decking

2x6 decking means strong construction, plus our hot-dipped galvanized screw nails are designed to stay seated for a lifetime.

Strength

Double 2" x 4" Rafters

Our double rafters give your gazebo roof a heavy-duty load capacity and help prevent beam warping.

Prevention

Milled 1" x 4" Ceiling Lath

Our milled 1x4 laths allow your cedar roof to breathe and offer a wonderful interior appearance as well.

Rigidity

2" x 8" Top Plate

The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind stability.

Endurance

Laminated Posts

Our laminated posts resist checking and add strength while giving your gazebo a custom look.

Supportive

Heavy Duty Railings

The railings on your gazebo are built to last! We utilize heavy-duty lumber to resist wear and vandalism.

Quality

#1 Premium Grade Lumber

We use only the highest quality lumber for your gazebo. We mill every piece in-house to reduce splinters and rough edges for a smooth finish and better feel.
