### Tamko Heritage Premium Shingles

Shadowtone granule blend adds extra richness and depth. Random-cut sawtooth design helps prevent unsightly zipper patterns. Constructed of double layers of fiberglass mat coated with weathering-grade asphalt and topped with ceramic mineral granules. Improves the look & value of your home without the high costs or liabilities associated with wood. Ideal for new construction or reroofing. Backed by a 50-year limited warranty.

### SmartShredz Natural Fiber Blow-In Insulation

Made of up to 85% recycled paper. Gives you great value and performance, including a higher R-value than fiberglass insulation. Comprised of cellulose, it fills gaps and voids without cutting and fitting, creating a thermal blanket that helps to eliminate air leaks.

Prices for a limited time only. See store for details.

**Durapine Kiln Dried Lumber**  
A premium non-arsenic based effective treatment against termites and fungal decay, both above ground and in ground. Durapine has become the most successful alternative to CCA treated wood and is ideal for multiple residential and industrial applications. Cox Durapine products treated with copper azole (CA) are recognized for their durability, extended life and corrosion resistance, making Durapine a wise choice for lasting solutions.
