

Animal
Public Safety Announcement

August 1st, 2015

In the summer heat and during the rain – animals take cover – specifically speaking the chickens, dogs, cats, and pigs here at the Farmers' Exchange.

Please be aware, that after any amount of time, some critter could be hiding out in the shade of your car, and to avoid accidents, please give a friendly honk, or a rev of the engine. A quick peek under the car could save lives.

We all know animals are sometimes unaware of what's best for them, so please do the best you can to help them along.

PAUSE for PAWS

Thank you!

Love, The Crew at Farmers' Exchange

(Both Furry & Friendly Crew)
