LARGEST IN-STOCK SELECTION OF FIREPLACES IN ALL OF CHICAGOLAND!

DIRECT VENT PREMIUM CLEAN-FACE TAHOE

Premium 36" Clean-Face Traditional Tahoe

Includes a tempered glass view window and a unique burner that delivers a rich flame pattern. Each log is hand painted for stunning realism with detailed bark, knots and charring.

Ceramic Fiber Liner options for Premium models include a traditional Aged Brick with smoky highlights, and an old-world Rustic Brick. Or choose the deep black polished porcelain-steel liner that reflects the flames for a luxurious effect.

The available lighting kit draws attention to the intricate details in the log set and brick liner - even when no fire is burning. You can enhance heat distribution with the optional variable-speed blower. Both the light and blower include dimmer controls.

26,000 BTU. 4 x 6-5/8 top vent only. Includes brick liner, log set and barrier screen.

AVAILABLE BY SPECIAL ORDER

Premium 36" Clean-Face Contemporary Tahoe

Includes a tempered glass view window, a unique burner that delivers a rich flame pattern, and a ceramic fiber rock set. Each rock is hand painted.

The contemporary fireplace includes a deep black polished porcelain-steel liner with added angles to enhance the reflected flames.

Create highlights on the glass media and porcelain liner with the optional lighting kit. And the optional variable-speed blower helps circulate warm air throughout your living space. Both the kits include dimmer controls.

26,000 BTU. 4 x 6-5/8 top vent only.

DIRECT VENT FIREPLACE INSERT SYSTEMS

Innsbrook Traditional

A Direct-Vent Fireplace Insert turns your existing wood-burning fireplace into an efficient gas-fired heat source.

A wood-burning fireplace sends more than half of its heat up the flue, creating negative pressure in your home, which draws in outside air through gaps in doors and windows that actually makes your home colder. A wood-fire can also create ash and fumes that dirty your home and aggravate your allergies.
MFG# DV33IN

6 X 3 Metal Surround

6 X 6 Metal Surround, Bevel

We offer our traditional Innsbrook Direct-Vent Inserts in three sizes - small, medium and large - to fit most wood-burning fireplaces. Choose Millivolt ignition with standing pilot to provide heat, even in the absence of electric power, or our Green Earth Preferred Intermittent Pilot, which eliminates the standing pilot to save even more energy. IP systems can operate with a standing pilot during power outages.

6 X 3 Metal Surround with Universal Shroud

Fireplace barrier screens, required for all direct-vent systems, protect you and your family from inadvertently touching the hot glass.

Contemporary or Traditional?

Boulevard Fireplaces are offered in ultra Contemporary and Traditional with a modern twist.

The Contemporary features a linear burner, halogen lighting mounted beneath the burner, and a black porcelain liner. The rich liner reflects the flames and the lighting. Use the remote control to raise or lower the lighting levels and the panels glow red along their edges.

Complete your Traditional Boulevard fireplace with one of two distinct accessory log sets (required). The traditional Charred set features meaty oak logs with rough bark, exposed wood and charring. The Driftwood set is lifted straight from a remote beach with each log worn smooth by wind and waves, and then dried under the hot sun to reveal the rich grain and deep whorls.

Both systems are available in LP (31,500 BTU) and Natural Gas (34,500 BTU).

Beautiful, elegant and efficient... your Boulevard fireplace will add value, ambiance and warmth to your home.
