

# FALL HOME IMPROVEMENT SPECIALS

From The Lumber Pros [www.FosterLumber.com](http://www.FosterLumber.com)

Indulge in the ultimate luxury with Allura's Fiber Cement Lap Siding. Our lap siding line is manufactured to look like natural wood, providing bold and traditional profiles.

Allura intersections - where siding meets roofing, decking and other building components - are held to a 1-inch offset instead of 2 inches to offer better curb appeal.

Available in a cedar or smooth finish, Allura will match your home's style perfectly.

Our cedar woodgrain appearance is achieved with our advanced direct transfer system using real cedar boards.

Allura creates a panel surface that authentically captures the finely crafted, smooth finish of sanded wood.

5/16 inch x 8-1/4 inches (210 mm) wide x 12'

**\$7.82** each

## 8-1/4 Lap Siding

**18 Gauge Nail Kit**

## THE #1 BRAND OF STAIN RESISTANT DECKING.

AZEK® Deck has pioneered a new generation of decking -Stain Resistant decking. This innovation is in response to market demand as consumers move away from wood and composites and look for a better decking product. AZEK Deck limits the shortfalls associated with traditional wood and composite decking so that you can enjoy your deck without worry.

With AZEK Deck, you can rest assured your deck will continue to look great for years to come.

- Stain resistant
- Scratch resistant
- Split resistant
- Mold and mildew resistant
- Durable and long lasting
- Impervious to moisture and insects
- Limited lifetime warranty
- Building Code listings ESR-1667 and CCRR-0101

Take the AZEK Deck Double Dare and you will see first hand why AZEK Deck beats all other decking options - wood or composites - hands down.
