

The Animal Nannies

Pet care and house sitting services

For more information contact Paula at 585-624-7387

How we got started with this service: Our family took an adventure and bought Mendon Pet Supply last year. We have had a lot of customers ask that question.... “do you know anyone that would stay at our house and watch our animals”. My husband and I know the ordeal of having 2 kids, 3 cats and a dog at home. We live a crazy lifestyle with two young boys who are involved in travel sports and we were always feeling guilty leaving our dog in a kennel. Most animals know or sense when their family are going to go on vacation and this can cause them a lot of stress. It is also sometimes very stressful for them to be contained in a kennel where there are other animals making loud noises and there is always the chance your animal can come home with fleas or some kind of animal illness. It always seemed to be such a hassle and big expense to have our dog go to a kennel, then have someone come and check on the cats and get the mail. We always had to schedule 2 different people to essentially do the same thing so we have decided to start this business to help others out. It’s one phone call and one person to take care of your pets and your home while you are away or simply at work.

All of our employees are interviewed and background checked prior to hire. We also carry all of the appropriate insurances.

Overnight Stays: Include caring for your pets, watering plants, getting your mail and taking the garbage to the curb.

\$50 per day.

Mid-day walks and feedings for your pets: \$30 per day (1 Hour)

Pet check in: Includes visits to check on animals that may not need 24/7 care while you are on vacation. Service includes some play time, feeding and litter box cleaning. \$30 per day (1 Hour)
