Peter Lumber will carry Eagle Window & Door, an Andersen Window & Door company. Eagle offers a complete line of high-quality aluminum-clad windows and doors. Eagle focuses exclusively on high-end residential (new and remodel) and commercial construction. Eagle customers have the opportunity to create projects using 50 Eagle Complimentary Colors™, 11 interior finishes and 9 wood species—plus divided lights, between-glass blinds and shades, trim and finishing details and beautiful glass selections. The design freedom is unmatched in the industry. Eagle has been handcrafting premium windows and doors for over 30 years and is a proud member of the WDMA and many other fenestration associations.

Peter Lumber will have displays in our showrooms at our Medford, NJ and Kennett Square, PA locations. Our other locations will have product literature available and orders can be placed and received at any of our locations.

Signature Capture At The Point of Sale: Making Its Way To A Location Near You.

We recently added Signature Capture devices at our Pleasantville, Hammonton and Limerick locations. The devices allow customers to pay by swiping their own credit or debit card and signing on the device for the purchase at the counter.

For Peter Lumber account holders you simply sign on the device at the completion of your purchase and the signature is then printed on your invoice. It also is recorded in our point of sale system with that invoice. This allows us to quickly retrieve the signature of the person making the purchase on accounts with multiple authorized purchasers. We plan on adding the devices to our other locations over the coming months.

"Visualize 2 Realize" Virtual Cabinet Selection Center for Merillat

Our Pleasantville, NJ showroom recently added a virtual selection center for kitchen and bath cabinets from Merillat (MASCO.) The touch-screen monitor allows you to browse through all the different styles, finishes, glazes and hardware options offered through Merillat. You can then apply them to a kitchen design of your choice that additionally allows you to select flooring, countertops, wall colors and lighting. Any of the selected options can then be easily changed and viewed again until you come up with the design you imagined. You can then print out your design to take with you or email it to yourself right from the selection screen.

Sign-Up to Get Your Statement & Invoices E-mailed or Faxed & Get \$20!

Peter Lumber would like to offer customers the chance to receive your monthly account statement and invoices by email or fax instead of through standard mail. We are offering a one-time \$20.00 credit to your account as an incentive to make this change. After choosing this option you will begin receiving your statements by fax or email exclusively. They will arrive at the start of each new month on the first business day. We already have offered the service to our Limerick, PA account holders and are now ready to offer it company wide.

Look for the sign-up sheet included with your monthly statement or contact our Credit Manager-Candy Picorale at 609-641-9000 x 5031 or by email candypic@peterlumber.com.

You can now easily save your statements and invoices to your home computer as .PDF files.

Ask About our Special on Sensibuilt Decking and other Clearance Items.

We currently have a limited supply of Sensibuilt PVC decking that we are selling at a discounted rate. Sensibuilt by Fiberon offers superior resistance to staining and fading with a 10 year warranty. Ask at your local Peter Lumber for color, length and quantity available.

As always you are welcome to inquire about other special items that may be priced for clearance. We occasionally have windows, doors and other items that are sold at steeply discounted rates. Let us know what you are looking for... Our salespeople can inquire throughout the company and you never know what we might find.
