

THE MOST COLLECTED KNIVES IN THE WORLD

If you love Case, join our family of Club Members

Since 1981, the Case Collectors Club has pledged to be the premier association for knife collectors and enthusiasts worldwide. We strive for unparalleled customer service and quality, handcrafted knives worthy to be labeled "Made in the USA." As the largest knife collecting association in the world, the Case Collectors Club boasts over 19,000 members and is proud to have just celebrated a 30 Year Anniversary. We are pleased to have such a distinguished title placed on us.

Whether a beginning collector or a serious aficionado, our Club helps fuel the passion for knife collecting by providing inside information on new products soon to hit the market, Case history and heritage, featured collectors, and consumer events through the official publication, *The Case Collector*. We continue to raise the value of membership by offering special edition knives available only to Club members, an exclusive members-only online forum, unique collectables, and factory tours.

W.R. Case & Sons Cutlery Company has a strong and long-standing commitment to knife collecting and to Case Collectors Club Members. Collecting, trading, and learning about knives is fun and many folks have shared that getting started as a knife collector is extremely easy. No other cutlery company puts this much effort into feeding collectors with great product knowledge and company history.
