FROM OUR FAMILY TO YOUR FAMILY

## Starter

Protein - 20% | Fat - 3% | Fiber - 4%

Complete Nutrition  
For Starting Chicks

A complete, balanced, 20% protein, high-energy grain diet designed specifically for starting and developing pullets and broilers. Starter has guaranteed levels of essential amino acids necessary for growth and reproduction as well as healthy skin and feathers. Medicated with Amprolium to help prevent the onset of coccidiosis.

- Formulated for optimal growth & development
- Vegetarian diet providing wholesome grains & healthy plant proteins
- Nutritiously balanced with added amino acids, minerals & vitamins
- NutriVantage® technology, a unique balance of proprietary natural chelating agents along with a specific organic acid sustains a healthy gut environment & provides immune system support
- Quality Protein with guaranteed Lysine and Methionine, necessary to optimize growth and reproduction plus healthy skin and feathers

## Extra Egg

Protein - 16% | Fat - 3% | Fiber - 4%

Complete Nutrition  
For Laying Hens

A high-energy, calcium-fortified grain diet formulated specifically to support egg production in layers. As a complete, balanced diet, no additional nutrient supplementation is required. A natural choice for egg-producing hens.

- Formulated to maximize egg production
- Vegetarian diet providing wholesome grains & healthy plant proteins
- Naturally balanced with added amino acids, minerals & vitamins
- NutriVantage® technology, a unique balance of proprietary natural chelating agents along with a specific organic acid sustains a healthy gut environment & provides immune system support
- High Energy - Grain-based diet to support maximum egg production
- Guaranteed high levels of calcium, necessary for development of quality eggs with strong shells

## Grow & Show

Protein - 15% | Fat - 3% | Fiber - 4%

Complete Nutrition For Pullets; For Growth & Maintenance of Pet Ducks, Geese, & Game Birds

Complete balanced 15% protein diet designed for growing replacement chickens (pullets); and for growing, showing or maintaining ducks, geese, and game birds.

- Formulated for uniform growth & conformation of show birds
- Vegetarian diet providing wholesome grains & healthy plant proteins
- Naturally balanced with added amino acids, minerals & vitamins
- NutriVantage® technology, a unique balance of proprietary natural chelating agents along with a specific organic acid sustains a healthy gut environment & provides immune system support

## Finish

Protein - 18% | Fat - 4.5% | Fiber - 5%

Complete Nutrition For  
Home and Farm Production

An 18% protein, high-energy, grain-based diet designed for finishing broilers, capons, roasters, turkeys, ducks and geese. It may also be used to add extra finish and shine to show birds like pigeons, ducks, geese, chukars and quail. Finish has guaranteed levels of essential amino acids to promote growth and meat quality, plus added oil for feather and skin condition.

- Formulated for efficient finish
- Vegetarian diet providing wholesome grains & healthy plant proteins
- Naturally balanced with added amino acids, minerals & vitamins
- NutriVantage® technology, a unique balance of proprietary natural chelating agents along with a specific organic acid sustains a healthy gut environment & provides immune system support
