

Triple Crown Growth Formula

Triple Crown Growth is an equine feed product for weanlings, yearlings, and broodmares fortified to provide protein, essential amino acids, vitamins, macro minerals, trace minerals, bacteria and enzymes. Triple Crown Growth utilizes the latest research regarding nutritional support for sound growth in horses. Supplying a diet low in soluble carbohydrates and high in fat and fiber has been demonstrated to support fast and sound growth in a superior manner compared to traditional grain based diets high in soluble carbohydrates.

Ingredients

Alfalfa Meal, Wheat Middlings, Soybean Hulls, Shredded Beet Pulp, Cane Molasses, Dehulled Soybean Meal, Soybean Oil, Distillers Dried Grains, Whole Oats, Heat Processed Soybeans, Salt, Ground Limestone, Monocalcium Phosphate, Dicalcium Phosphate, Flaxseed, Hydrolyzed Yeast, Zinc Proteinates, Copper Proteinates, Manganese Proteinates, Kelp Meal, Yeast Culture, Hydrated Sodium Calcium Aluminosilicate, Anethole, Fenugreek Seed, Lecithin, Magnesium Oxide, Iron Proteinates, Magnesium Proteinates, Dried Trichoderma Longibrachiatum Fermentation Extract, Calcium Carbonate, Selenium Yeast, Dried Lactobacillus Acidophilus Fermentation Product, Dried Enterococcus Faecium Fermentation Product, Dried Bacillus Subtilis Fermentation Extract, Rice Bran, Vitamin E Supplement, Ascorbic Acid (Source of Vitamin C), Niacin Supplement, Biotin, Vitamin A Supplement, Thiamine Mononitrate, Beta Carotene, Calcium Pantothenate, Riboflavin Supplement, Pyridoxine Hydrochloride, Vitamin B12 Supplement, Vitamin D3 Supplement, Choline Chloride, Menadione Sodium Bisulfite Complex, (Source of Vitamin K Activity), Folic Acid, Sodium Bicarbonate, Ferrous Sulfate, Manganese Sulfate, Zinc Sulfate, Copper Sulfate, Cobalt Sulfate, Ethylenediamine Dihydriodide, Brewers Dried Yeast, DL-methionine, DL-methionine Hydroxy Analog, L-Lysine, (Propionic Acid, Sodium Benzoate, Potassium Sorbate (Preservatives)). (Free from Restricted Ruminant Protein Products per Title 21, CFR 589.2000

Feeding Directions

Triple Crown Growth should be fed to growing horses along with free access to good quality pasture and/or hay, fresh clean water and plenty of free exercise. For nursing foals, feed 1% of body weight up to 400 lbs. For weanlings and older, the amount of Triple Crown Growth fed daily should be adjusted to maintain a moderate body condition level. If not sure how much to feed, begin with 6 - 8 pounds per day divided into as many feedings as feasible and then adjust up or down depending upon the needs of the individual horse. If feeding less than 5 pounds of Triple Crown Growth on a regular basis due to easy maintenance of desired body condition then 1/2 to 1 pound per day of Triple Crown 30 Supplement should also be fed in combination with Triple Crown Growth as means to insure adequate mineral and vitamin intakes to support sound growth. For Ponies, feed half of the recommendations listed above for horses. NOTE: Provide plenty of fresh, clean water and forage at all times. Keep product fresh in cool, dry storage. Examine product daily for mold or insect contamination. DO NOT use product that is old, molded or insect contaminated.
